

# Cooperation Policy for Property Owners

Madinah Group — apartment rental brokerage in Madinah

Version 1.0 · September 2026

This policy explains the broker's role and the owner's rights and obligations when renting out a property through Madinah Group, so that everything is clear to all parties from the start and there are no surprises after move-in.

## 1 The broker's role

- ◆ The broker shows the apartment to tenants, coordinates between owner and tenant, and helps complete the booking and move-in.
- ◆ The broker's work ends once the tenant has moved in and received the keys.
- ◆ The broker is not a party to the lease and bears no responsibility for the obligations of the owner or the tenant after move-in.

## 2 Tenant details

- ◆ Before booking, the broker tells the owner who will live in the apartment (a family, single men or students) and how many people, as declared by the tenant. The owner may accept or decline.
- ◆ If at move-in different or more people arrive than declared (e.g. eight instead of two, or students instead of a family), the owner may refuse to let them in.
- ◆ In that case the booking is cancelled: the booking amount stays with the owner as compensation for holding the apartment, and the owner returns to the tenant anything paid beyond it, if any.
- ◆ The broker keeps no part of these amounts and bears no responsibility for them.

## 3 Booking and start of the rental period

- ◆ The rental period starts on the date the payment is handed to the owner, not on the tenant's arrival date.
- ◆ *Example: paid on the 3rd, arrived on the 7th — the month counts from the 3rd.*
- ◆ During the booking period the owner does not rent the apartment to anyone else and keeps it ready for move-in on the agreed date.

## 4 Handover

- ◆ At move-in the owner (or a representative) and the tenant inspect the apartment together: air conditioners, electricity, water, appliances, furniture, keys.
- ◆ All remarks and faults are recorded before handover, preferably with photos.
- ◆ After move-in, faults, repairs and maintenance are settled directly between owner and tenant as they agree; the broker bears no responsibility for them.

## 5 Owner's obligations

- ◆ Provide accurate information and photos of the apartment and clarify before booking what the rent includes (electricity, water, internet, maintenance).
- ◆ Inform the broker immediately when the apartment's status changes (rented, vacant, unavailable) so listings stay up to date.
- ◆ Hand over the apartment clean, habitable and in the agreed condition.
- ◆ Not raise the rent or change the agreed terms after the booking is confirmed.

## 6 Money

- ◆ Rent and the booking amount are paid to the owner directly or as agreed.
- ◆ The broker has no financial obligations to the owner or the tenant and cannot be asked to refund money paid to the owner.
- ◆ The broker's fee is agreed in advance.

## 7 Disputes after move-in

- ◆ Any dispute between owner and tenant after move-in (damage, noise, late payment, a request to leave early) is resolved directly between them under the lease and the regulations of the Kingdom of Saudi Arabia.
- ◆ The broker may voluntarily help the parties communicate, without taking on any obligation.

## 8 Force majeure

- ◆ The broker is not responsible for circumstances beyond control, such as earthquakes and other natural disasters, fires, epidemics, government decisions, border closures, flight delays or cancellations, and visa refusals.

## 9 Lease contract

- ◆ The lease is concluded directly between the owner and the tenant and documented according to the regulations in force in the Kingdom of Saudi Arabia.

## 10 Acknowledgement

- ◆ By signing this document the owner confirms having read, understood and accepted this policy.

This document governs cooperation between the broker and the owner; it does not replace the lease between the owner and the tenant.
